Our Mother of Good Counsel

In honor of the Marian Year, as promulgated by His Holiness Pope Pius XII, we devoutly dedicate this issue of the Towers to the Virgin Mary, Mother of God the Son.

Under Her title, "Our Mother of Good Counsel," we pray and seek for Her direction in our studies. The success of our education will be realized in the exemplifying of Christ like virtues in our lives.

Pray for us, O Holy Mother of God.

In presenting with pen and camera the memorabilia of life at Cascia Hall for this academic year, THE TOWERS 1954 has caught the spirit and traditions of our school. The Casciana herein recorded - teachers and students, scholastic and extra-curricular activities, significant events and trifling episodes - will one day become a precious human document to all who have had a part in them. The moderator and staff of THE TOWERS are to be congratulated for this splendid accomplishment.

Sincere and heartfelt thanks are due the dedicated men who have served on the faculty. Many of these "good old days" which will become tinged with a fond nostalgia for the students as they leaf these pages some years hence, were very trying days for the teachers. It is our hope and prayer that they will prove to be rewarding days as our young men bloom into the fine flower of to-morrow's manhood.

The parents - God bless them! - have been heroic in their patience and cooperation with the school. This very successful year would not have been possible without their constant readiness to move in and supplement our efforts for their sons.

The students, to be sure, have had their ups-and-downs, but these are the stuff that life is made of. We proudly point to the fact that forty-seven students out of a total enrolment of two hundred twenty-five were listed on our first semester honor roll. This approximates a ratio of one in five, and everyone knows that honor grades are not given lightly at Cascia Hall. We can say with deliberate redundancy that our students have been students and that the spirit of study this year has been very gratifying.

Much stress is laid, in these days of enlightened education, upon counseling the students in their life problems. The Religion courses at Cascia Hall have always stressed this paramount objective of every good school. Appropriately in this Marian Year, dedicated as it is to Mary, the mother of God, we have besought her intercession and dedicated ourselves to her under her title of Mother of Good Counsel. May she guide and counsel all of us in the years ahead and bring us to the supreme goal of all good schools, God, her Son, in Heaven.

Devotedly,

Senior Farewell

We have reached the main highway. Slowly, thoughtfully, we turn and glance back. Our eyes trace the dusty road as it wends its way through thick woods. Suddenly it is swallowed up by the lush verdure, only to appear again, more distant still and less discernible. It terminates abruptly in a clearing. We lift our eyes and behold spiral-capped turrets and acutely ridged roof tops outlined against the horizon. There, situated amidst a grove of towering elms and reigning augustly over the woodland scene, is a building. The rustic atmosphere that surrounds this building mingled with the crude beauty of its Norman lines arouses a sort of rugged fascination. And over all there exists a sheltered serenity, a tranquil seclusion.

Pensively we recall that day, far in the past, hitherto forgotten, when for the first time we trod the dusty path to the building in the clearing. We entered the oaken portals and discovered beneath the somewhat artless and unsophisticated exterior a community of Augustinian Fathers, each dedicated paramountly to God and secondly to his fellow men, each endowed with certain principles and ideals. And we learned that each was devoting his life to the inculcation of these principles and ideals upon a chosen few, toward whom fate had cast a benevolent glance. We at the end of the road are those chosen few. And to these men we are forever indebted.

For here, withdrawn from the perplexities and immune from the secular philosophies of modern society, we were educated by these men. They blended scholastic indoctrination with ideals, sets of values, standards of morality. They developed our minds, influenced our characters, strengthened our bodies. To say that they thoroughly instructed us for life with all its complications and complexities would border on an understatement. Rather they gave us an invaluable gift, a set of tools which, with the aid of Divine Providence, we shall utilize in whatever undertakings in life we may choose. God grant that the indelible impression of their tireless labor be never suppressed.

And so to us at the end of the road, this building is more than a building; the masonry of its jagged walls is more than concrete and brick. This building is a chapter in our young lives. It and the institution represented by it have imparted to us a key, a key which unlocks the door to a unique way of life. If the efforts extended by Cascia Hall and the opportunities afforded by it have borne worthy fruit, that key is ours.

And suddenly the great oaken doors reopened and released us, and we were retracing our footsteps down the dusty road. And nothing remained of the chapter save lingering memories.

A melancholy smile of reminiscence slowly vanishes as once again we face the highway. This highway is curbless. It has many routes; it has many detours. It has its paved reaches; it has its unpaved reaches. To some of us it is rather hazy; to others of us it is clear. But regardless, as we travel this highway and as we proceed farther into the misty future toward our destiny, we shall pause now and then and our eyes and our hearts will revert to that dusty road and that building in the clearing. And we will whisper a soft, ineffectual, but sincere, "Thank you, Cascia Hall."

Seniors

RICHARD THOMAS ALLEN

Dick is one of the late comers to the class. He and his brother, Bob, came to Cascia as Seniors and hail from St. Louis. Not much is known about him as he is always on the go and never sits down long enough to talk about himself. We cornered him long enough though, to talk about his two favorite subjects, socker and girls. From what we hear he is a master of both, especially the latter. Some of the wild tales he tells us of the girls in St. Louis make us want to go up to that bustling city this summer for a little vacation, or would it be a vacation? No doubt Dick could show us quite a time.

From the first day of school Dick fitted right in with the class. Since his October report card Dick has been constantly on the Honor Roll. He is always in the middle of things in the dormitory and often the instigator. Wherever there is excitement, he may be found getting his material for his article in the Cascian.

We wish Dick a lot of luck in the future in whatever he tries and we are sure he will always be a credit to Cascia and any profession that he may choose.

Remember: His tales of St. Louis.

DAVID LAWRENCE BARRY

Mighty Dave came to Cascia in the seventh grade and has been in there plugging ever since. His ability to stay awake in class has been praised by many.

When the word "sports" is mentioned, Dave may not partake, but one is bound to see that smiling face in the grandstands. He may not always agree with the referee, but what's a ballgame without one side disagreeing!

Dave is quite the angler, though, and he is content to "get away from it all" by finding a nice quiet fishing spot out in the "boondocks" and just relaxing. Any day now, he's liable to bring back that "big one that got away" for proof.

Dave is very active in the social world, too. He's always there when you turn around at a dance or a party.

We know that Dave will go a long way in the world, because he has the courage and the energy to trounce any problem that might stand before him. His sparkling personality will remain with him always. As fine a lad as he is, Dave will never be forgotten. He has built quite a name here at Cascia Hall, and we are sure that his ensuing years will be filled with success and lasting friendship.

Remember: "Look out, Kid, I would hate to pulverize you."

ROBERT BURNS ALLEN

Again we present a man from St. Louis. Bob came to these hallowed walls as a Senior from John Burroughs School in Clayton, Missouri. Immediately he fitted into our class and established himself as a distinct personality within the class.

Bob is, we hear, a big wheel in the St. Louis social and athletic functions. He played first string on the football team and also on the socker team in his junior year at John Burroughs. Neither is he lax in the social standing of the school as he is seen at many parties, basketball and football games and has left his mark on Tulsa girls in general as he has on Cascia itself.

Bob is another one of the Cascia men who has a good scholastic standing since he has been here. He has been on the Honor Roll since coming to Cascia and rightly so.

Bob is a familiar figure, well known on the campus, and will not soon be forgotten. All the class regrets that Bob did not join us earlier in his high school life. The place he will leave empty will be a difficult one to fill.

Remember: His Jackie Gleason records.

JOSE LUIS CASTRILLO

Joe was adopted into the class during this last year. You would think he always had been one of us. As far as his English goes he speaks it fluently and with great ease. Having taken out a full year's membership and paying his dues regularly, Joe resides in the Cascia Club House, more commonly known as the "Rock" or "Dorm."

Joe ranked high in his scholastic achievements for the year. He just barely missed the Honor Roll several times. "Back in Puerto Rico," Joe says, "are the most beautiful women in the world." However, he showed no signs of homesickness. Apparently he liked the American girls, too.

Seriously, Joe is entertaining company. He has great stories to tell about the life in the Caribbean. He is very observant. The "jive" of teen-age Americans tickles him. He took great interest in all our activities and made himself well liked.

We don't know where or when we may ever see Jose again. If and when we do it will be a pleasure to renew our old acquaintance. We know he will be a "booster" for us back home. Cascia will always welcome other Puerto Ricans of Joe's calibre.

Remember: "Say, boyees, where are all the girls around here?"

BUCK EVERETT CLAYTON

Buck is probably the easiest-going and best natured fellow in the class. He joined our class in the second semester of our Junior year. He hails from Broken Arrow, Oklahoma. He will be remembered for his trumpet playing in our so called Cascia band, also for his Oklahoma drawl. And how that man could sleep! He was immune to bells or noise.

But when the 2:35 bell rings Buck suddenly comes to life. Off he hops in his blue Chevrolet. He conducts a regular taxi service for the gals at Central High School. He can always be seen chauffeuring a load of passengers. Popular? "Ah, fellows, give me a break." Anyone that knows Buck would say that he has one of the best liked personalities around school. Though he has not taken too active a part in athletics, he has shown a keen interest in the school's athletic program. He was a staunch fan at all football games, cheering for our great Commandos.

We want to wish Buck good luck and we hope he is a great success in whatever he does in the years to come.

Remember: "Ah, gosh, I just like women, fellas."

GARY LEE COLLINS

Gary came to Cascia as a Senior. He came from Central and immediately proved his athletic abilities on the football field. Gary also played intramural basketball and helped the seniors rack up some pretty good scores over the underclassmen. He captained our tennis team.

He was always willing to lend a helping hand. No one worked harder than Gary on the decorations for the Christmas formal. His cream colored car can often be seen loaded down with "the boys." His cruising about would remind you of a scout looking for talent.

As Gary was rarely outdone on the football field he was rarely outdone discovering an attractive date. At some of the dances and parties his dates were usually most fascinating. With the underclassmen he is an exceptional favorite. Many times a group may be seen gathered around him discussing the latest athletic events or fads. Our gifted Gary is easily admired.

We are sorry that Gary didn't come to Cascia earlier, as he has been a good sport and a swell friend to all. His personality and determination we know will make a success out of him, whatever field of studying he pursues in college.

Remember: His cute dates.

BILL GOLDSBOROUGH COMBS

"You, sir, are no doubt wrong," are the words that most likely would be heard if you were to come within earshot of that well known man about town, "Wild Bill Combs." Bill came to us at Cascia, at the first of his Junior year and fitted into the class as though he were the "missing link."

Although Bill does not participate in varsity sports, he mastered in all the intramurals. Bill makes wise use of his spare time. He is an accomplished flyer and can be seen in many out of town airports fueling one of his dad's many planes for a return trip.

At last we arrive at the social side of this adventurous young tyke. Bill's always ready for a "ball" and he can usually be seen at all the big social events about town. He has a great weakness for beautiful blondes but of course, who doesn't?

As an honor student, Bill stands high in the ranking of our class. He is studious, ambitious and steady. He has all the marks of a good student and a gentleman. The imprint of his presence will be felt long after his leaving.

Remember: Don't touch me.

WILLIAM ANGUS DAVIDSON

Bill came to Cascia last September, the beginning of his Senior year. He hails from a school in New Jersey called Lawrenceville. It was Lawrenceville's loss and Cascia's gain when Bill decided to change and go to school nearer his hometown, Independence, Kansas.

"Willie" is considered one of the smart ones of the class as he has been on the Honor Roll since the first month of school. He has made the Gold Honor Roll a number of times.

Unknown to many, Bill is an avid record fan. He specializes in Dixieland Jazz, of which he has a large collection, but he also goes in for popular and classical music in a big way.

In connection with the social functions at Cascia, Bill can be seen at all of them. He is seen at all the dances and games at Cascia and elsewhere. The prettiest girls in Tulsa are always with Bill at all the parties and dances and he is always flanked by them wherever he goes.

Bill plans to go to the University of Oklahoma in Norman and we at Cascia are sure that he will be a success at Norman and a credit to Cascia.

Remember: His singing.

JAMES ARTHUR HULL II

Jim staked his claim at Cascia in 1950, immediately making fast friends among the Freshman class. As the year advanced he grew in popularity. Jim doesn't have much to say. He is a man of few words. In his quiet way he has contributed much to his Alma Mater. Many hours were spent in the "Towers" staff room working on the yearbook copy. As co-editor, Jim went all out to assure a first class publication.

His loyalty as a Cascia fan more than made up for his lack of athletic ability. His support of all Cascia teams was an inspiration to many an underclassman. Especially on road trips, Jim would keep the spirits high. Tucked under his arm was his old banjo, and before long he would have everyone in the bus crooning and serenading their favorite melodies. One of our fondest memories of Jim will be the many times we rallied around him, as his fingers glided over the keys of a piano.

Socially, Jim displays charming manners. He is known to the ladies as a smooth dancer and in appearance is characterized as "that boy with the wavy hair." Jim will never be forgotten by his classmates. He will be remembered as never having said an unkind word.

Remember: "Where's my banjo!"

JAMES DAVID IVERSON

Jim arrived at Cascia in his Freshman year with a smile on his face and great ideas in his head. He has been a better than average student in his studies. His marks have boarded on the requisites for the Honor Roll rather consistently.

As for his social activities, Jim is a busy man. He can always be seen at all parties and get-togethers, "living it up." Another Cascia landmark is his green "Chevy" which is always loaded down with friends. He and the boys patrol Brookside thoroughly, especially Pennington's.

Although Jim hasn't taken an active part in athletics, he has attended almost every football and basketball game. He was sure to provide a ride to out of town games.

He has worked most diligently on our school paper, "The Cascian," for the last three years. He has shown to all who read his articles a great ability in writing. We are not sure which school Jim will attend, but we believe it will be Oklahoma University. Whatever school he will honor by his presence we wish Jim the best of luck for the future.

Remember: "I really am a careful driver."

DANIEL JOSEPH KELEHER

In the many rosters of our Alma Mater a Keleher crops up in almost every list. Dan is the last of the tribe to bear the title of a Cascian for this generation. It seems as though the Kelehers are synonymous with trust and banking. Dan is no exception being treasurer of about every group in which he is a member.

Taking part in almost all school activities, Dan is obtaining a well-rounded social education as well as scholastic. At any ball game the crowd cheers on under the direction of our own "Dan Bone" as cheerleader. Everything is taken in stride from that C he thought should be a B to his greatest achievement as co-editor of this year's Towers. Whenever there's something to be done, dependable Dan is our man.

Having an analytical mind, Dan wants to know just how and why things happen. This may or may not be a "boon," but he finds out even if it means hours of work. Dan is also a good influence on the class in manners and religious regularity. However, if there is a party in the brewing, Dan will always be on hand and usually is the center of attraction. Dan's place will be a hard one to fill since he has given so much to make Cascia the best.

Remember: "Hmmmmm boy, let's have a party!"

JOSEPH ANTHONY KOPTA

Coming to Cascia in his Sophomore year, Joe earned quite a name at Markham Place. One of the most active students of the '54 class, Joe lettered two years in football. Joe's high school football career was halted in the Holdenville game. He suffered a concussion as the result of a tackle that the opposition will never forget. Joe contributed a great deal toward the success of the Commandos' football team. Playing quarterback and halfback on the crack gridteam, he proved to be an important cog and sparkplug for the Commandos. Joe turned his sights on skirts when he was forced to leave the gridiron. Nevertheless, he was always seen cheering for his team in the stands with a gal holding his hand.

Scholastically, Joe was a success and is known as a hard worker throughout school. As a three year man he built up a reputation anyone would be proud to have. He can always be remembered for his willingness to get the job done, as was shown when he revealed a creative turn of mind when decorating the gym for formals.

Joe's record for achievements will prove to be a difficult one to surpass. He has built quite a name for himself and we are sure his ensuing years will be full of success and lasting friendship.

Remember: "Why am I so good to you?"

DENNIS JOSEPH LANE

The story you are about to hear is true. The name has not been changed because Dennis is not innocent. These are the facts:

This casual lad came to us from Chicago in his Sophomore year. He is the last of the "Windy City Five." "Dennie," as he is commonly known about Cascia, always seems to have his hands in the "pot." He is rarely without something to do. His activities around the campus are too numerous to mention in such a little space, but you can always count on his help in those activities that are part of our school life. He is usually not in evidence, though, and it can be safely stated that it is because he is everywhere at once. As a matter of fact he is the type of person who can be directly before you and not be seen. And think not for a minute that Dennis is at all gaunt or slim. Standing well over six feet, he is faced with the enigma of keeping his two hundred pounds of flesh and bones intact.

Everyone at Cascia likes Dennis and it would be impossible to feel otherwise about him. He is never too slow with a favor or a friendly word. Next year Dennis' casual frame will matriculate at the campus of the University of Illinois.

Remember: "I've just gotta have a coke."

PHILIP CHARLES LAUINGER, JR.

Virginii or Count Lauinger, as Philip Charles Lauinger is more popularly known, has become one of those quite sedate individuals of the world, who has trouble discovering something new under the sun about which he is not already familiar.

Through his domestic and scholastic training, Phil has acquired the polished and refined manner of an aristocrat. Having taken advantage of the interests afforded him Phil has become one of the top intellectuals in the school.

However our Cavalier is by no means a bookworm. He is always on hand at every party, usually with a vivacious bundle of pulchritude. After completing a full six hours of arduous labor in classes, our gallant Cavalier is ready to proceed with greater expectations in various realms for relaxation.

Around the school P. C. has participated in almost all extra-curricular activities. He did an expert job for the Dramatic Club in the production of the school's best plays. In both "The Robe" and "Time-Out for Ginger," P. C. fulfilled the greatest hopes of Father LaFleur. Phil played basketball in his Sophomore year and was cheerleader as a Junior, doing a good job at both. Cascia is losing a great scholar and gentleman. Our distinguished diplomat will continue his erstwhile endeavors at Georgetown University.

Remember: "Viva Virginii! The Cavaliers ride again!"

DAVID LEONARD LOOP

Dave entered Cascia at the start of his Sophomore year and the walls still haven't stopped echoing. His athletic achievements have been such that they will always be remembered by Cascia students and teachers alike. He was one of the mainstays on the football team for the last three years and there will only be one "La Looper" in the pages of basketball history at Cascia. Along with being the co-captain of the varsity football team, he is president of the Kommando Klub which in itself tells you what a popular man he is.

Just as he is the kingpin in the class, he is the same with the girls. Blondes, brunettes, and redheads go for Dave and Dave goes for them in a big way, too. Yes, he is, in the Cascia tradition, a ladies' man and uses to the fullest the attributes he has along this line. At many Cascia functions, Dave is seen with not only one but sometimes a whole load of "'em." Many a pretty girl has been seen in his two-tone Plymouth.

When Dave graduates, Cascia will lose a fine athlete, a good sport, a good worker, and a real friend of all.

RICHARD LEWIS MACKEY

Six years ago, two little fellows wandered into the halls of Cascia. At first, no one could tell them apart. They dressed the same way; they looked the same; in fact their marks in school were the same. However, there was one way to tell which was which. The one who was always seen "with a girl" was Dicky!

Dicky seems to contain an inexhaustible supply of energy that keeps him at full speed from morning to night. His classmates have always had the secret ambition to disect him and see what makes him tick; but the faculty, they just scratch their heads and smile. The ones who are really mystified by Dicky are the Spanish members of Cascia. To them, "He is one krazy keed."

Although Dicky was of the featherweight class in his senior year, he went out for football. He applied himself so well, that aside from lettering and getting a jacket, he acquired the vicious title of "Tiger."

There is no doubt that Dicky has been a definite part of Cascia. For when the years have passed and our high school years are fading, we may forget his looks and we may forget his name, but we will never forget the smiles that his lively antics brought.

Remember: His romance with June.

ROBERT WARREN MACKEY

If you were walking down the hall of Cascia, morning, noon or night, more than likely you would be met by the flashing smile and vivacious personality of our class president. Bob has been well liked for his genial manner. He is a character in his "Cat" clothes. He has taken the responsibility of class presidency for the past two years. This alone shows how much his classmates respect him. Under Bob's guidance the school has produced two of the best formals the school has ever seen.

In class Bob has always been an honor student, setting an example for all underclassmen to follow. His witty and ill-timed questions are the spice of life for the rest of the class.

On the field all marveled at his speed and versatility. Bob proved to be our "missing link," filling in as first string varsity guard. All will remember his viciousness on the gridiron.

On the social set no one is more accomplished. Any weekend you will see this handsome young lad whipping one of the debuntantes of the city around in his flashy Coupe-de-Ville.

In general, this jovial, facetious 'cat' about town will be remembered in the hearts of all as a real Cascia man: gentleman, athlete, and scholar.

GEORGE KENNEDY MILLER

In four years we have seen this quiet, unassuming lad rise in the esteem of all his classmates. For two years he was a regular starter on the varsity gridiron. In classes he has been an honor student for four years. Socially, he is the wittiest character in the class. It can truly be said that George has realized that women are here to stay—including Nancy.

Aside from his popularity, George has a very serious trait. His religious background is exemplary. He has always been an ideal student for school spirit and leadership. "Murkey," as Joe Kopta has christened him, is sure to succeed in any venture in future life. He has determination, ambition and the will to succeed. We won't be at all surprised to see George follow in the footsteps of his illustrious brother and enroll at Notre Dame.

The qualities that showed his spirit in the field of sports were carried over into his school work. His accomplishments in both fields of endeavor make him a favorite son of Cascia.

Whatever George sets his mind to will be a job well done. Serious-minded, witty and devout—these three are blended perfectly in George. Truly, we are proud of you—Good Luck!

Remember: "You can just call me George."

GEORGE MARION PARK

Following in the footsteps of his illustrious brother, George is the second in the Park family to become a Cascia aluminus. Like his brother Felix, George is popular and a good mixer. Scholastically, George can hold his own. In fact he best shows himself under pressure and when work must be done. His ability to rise to the situation at hand was evidenced in competitive golf. As captain of the team, he has shown vast improvement over his performance a year ago. He stands up well under pressure. When the chips are down and Cascia needed his point in match play, George was bound to come through in flying colors.

As long as his interest is alerted, George just doesn't fail. He surprises one with his inherent ability. Such resourcefulness and being able to draw upon oneself for that much needed push is what it takes to be successful.

Occasionally one can sense bashfulness in his personality. However, he is very conventional. And so, though he is not girl crazy, he keeps in touch with a few dates.

Just what ambition George holds as his life's goal, we do not know. Perhaps his father's profession, a medical doctor, will lure him onto a decision. What ever it may be, God Bless You!

JOHN CARTER POWERS

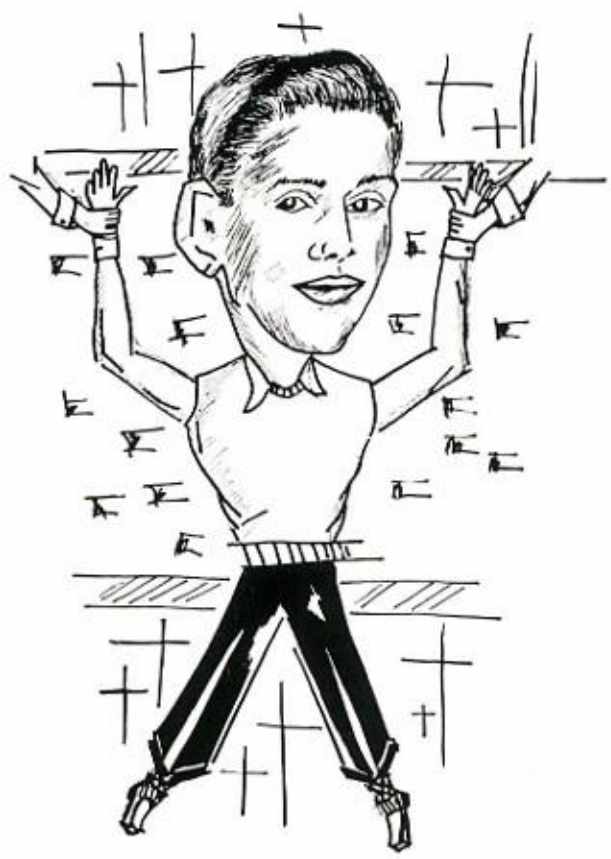
Ever since Jack came to Cascia as a Sophomore he has made friends with everyone. This is the result of his wonderful personality and good sense of humor. "The Mouse," as he is fondly called, has many accomplishments. Father Fogarty says Jack is one of the friendliest drivers on the road. We often wonder what the good Father meant? Jack makes better than average grades. More than once he has received Honor Roll certificates for his high marks. He has always supported school activities and has gone to all the school functions. He supported the team at all games.

He can always be seen at any party surrounded by Tulsa's prettiest girls. At the formals his dates were adorable!

Jack is a good worker. Any job he takes on is done neatly and efficiently. He always took part in extra curricular activities. His efforts in decorating the gym for the formals were most generous.

When Jack leaves, Cascia is going to loose a good booster. O. U.'s gain is our loss. Good luck, Jack!

Remember: His answers in English class.



JAMES EDWARD RITCHIE

Jim has made his appearance known ever since he came to Cascia three years ago. To every underclassman, he is an inspiriation in personality and popularity. Jim has built up an immeasurable friendship among classmates and faculty and his faithfulness to his friends will always be held in the highest esteem by them. His arduous work on every activity has brought out his fine quality as a leader. He has faithfully fullfilled the duties of vice-president in his Junior and Senior years and stepped wholeheartedly into football, basketball and other school "organizations."

Jim's accomplishments on the football field and basketball court are measured by his tremendous effort. Jim has donned a letter jacket in all his three years of sports. This year he was co-captain in basketball.

"Turkey's" favorite pastime besides studying and athletics is "soshing" around. He has become one of the "hoods" and main wheels of the social world. On his holidays you will probably find him checking up on his friends at Central. On weekends he is seen at the "biggest balls" with his usual chick.

Jim parts the wooden doors of Cascia Hall leaving behind to his greatly beloved school his appreciation and respect. He is a model of a perfect Cascia gentleman.

Remember: "I'm as big as heck."

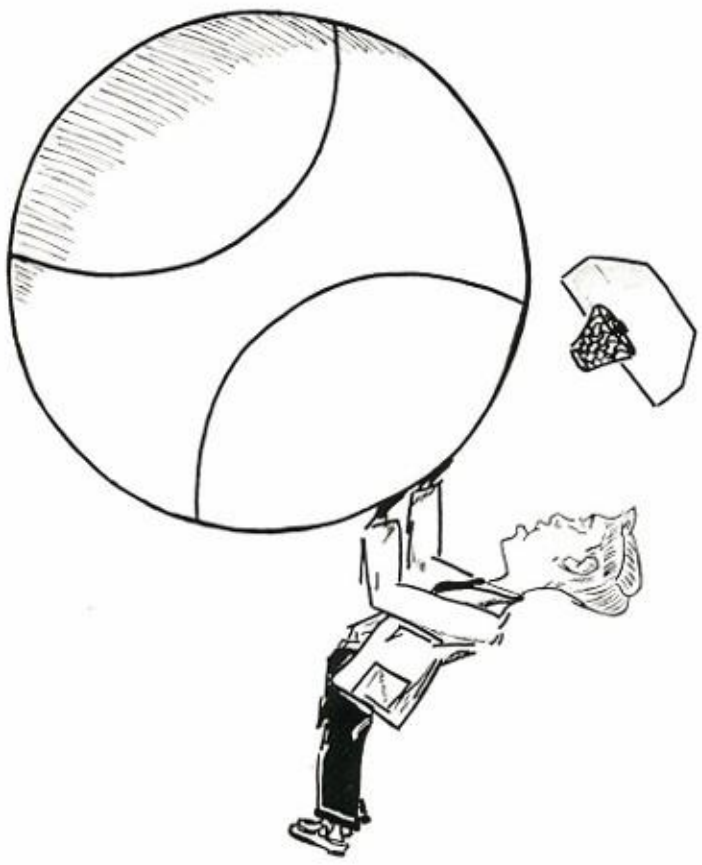
DANIEL COX SIMPSON

Dynamite Dan has literally grown up at Cascia. Arriving as a shy, polite and studious little boy, he has become one of the biggest members of the class, in more ways than one. In sports he has filled every position more than adequately. Always giving everything he had and following the code for sportsmanship in basketball, football, and everything else, Dan lettered all four years.

Besides his distinction in sports, Dan has also been an Honor Roll student. He has made the State Honor Roll during the last two years and certainly ranks in the top ten percent of the class. One of the "Man's" most distinguishing characteristics is his desire to do all that he does well, and to the utmost of his ability.

Another factor to bear out Dan's third dimension is virtue. Religiously he is exemplary, attending Mass almost daily. Dan has acquired an outlook on life, a philosophy and social relationship that should characterize any Christian student. "Mr. Seriousness" as some may call him is actually regarded with the highest respect and greatly admired by everyone around him. Dan has left quite an impression here at Cascia and it will be hard for anyone to surpass it in future years.

Remember: "Aw, fellas, I think I'll study a little and hit the sack."



BARRITT NELSON SMITH

Here is a little man with a lot of potentiality. In his four-year career as a Cascia man, he held down the post of basketball manager for two years. On the side he is an accomplished accordian player. For a hobby he has a rare collection of ores of various assortments. Professionally, he has taught dancing and any of the newest steps are listed in his repertoire.

Barritt has been an honor student. He is especially well read in history. In particular, he reads anything in print on South American history. His random discourses, merely conversational, on South American lore and culture astound his listeners. Anyone who knows him is amazed at his depth of knowledge.

Like every other graduate, Barritt has his ambition. For the present, the science of dentistry draws much interest for him. He has enrolled at Ann Arbor Michigan University. We feel this little man will make good anywhere and at anything. Our confidence is well placed because Barritt is seriously a student at heart.

Being the artist that he is in dancing, he was the envy of many a date.

Who can forget his familiar figure strolling the campus and his favorite pet "Perky" following him to school?

ROBERT FRANCIS WITUCKI

What Stan Musial is to baseball Bob Witucki is to Cascia. At any of our athletic events Bob always gave everything he had. Bob Witucki, or "Knob" as he is usually called, will long be remembered at Cascia for being one of the school's great athletes, a leader and an all-round Cascia man.

Bob always has a good disposition and is placed high on the heroic list of Father Spielman's "Lower School." He takes time out in sports to help anyone he can and is greatly appreciated by his teammates.

There is a side to Bob other than sports, however. Since he was a Sophomore he has become much more of a leader than he realizes. In the Sophomore year the class became a unified S. S. unit bent on the destruction of anyone opposed to the "Witucki Party." Many an afternoon was spent on the wood and rock detail working off suspension. In character and responsibility, Bob has come a long way. He has become one of the finest fellows in the class. Cascia Hall will lose a great athlete and leader as Bob goes on to greater heights.

Remember: "Let's all go steady."

JON MICHAEL ZOLLER

Silence is said to be golden. It protects one against slips of tongue. It affords one the opportunity for concentration and work.

In the case of our "Jon," his quietness hides his many accomplishments. Only when the opportunity or necessity arose have we realized the talent of this young man. Despite our acquaintance these many years, few of us knew of Jon's painting ability. Several of his oil paintings and water colors decorate his house. The Towers was fortunate this year to use his sketches in our divisional sections of the year book. It isn't often that a class has its own artist.

His leisure time is also occupied as a "ham operator." If you don't believe so, just call W5ZWQ! Yes sir, quite a boy this Jon! A gentleman, a student, an artist, and a radio technician.

The Missouri School of Mines beckons our distinguished graduate of diversified interests. Knowing Jon as we do, we can assure his success in his field of endeavor. As we bid adieu to our talented classmate we feel that Jon has made a significant contribution to his Alma Mater. He is a model Cascia man. His character will bring renown to the good name of his school.

Remember: Bonzo, how you can blush!

JUNIOR CLASS

Father Fogarty

With the commencement of another school year we find that the Junior class has made a big improvement over last year's Sophomores. We welcomed to our ranks Ted Bashaw, Thomas Markley, Ray Petri and Angus Smith, all of Tulsa, and Patrick Dawson of Waurika, Oklahoma.

Under our class moderator, the Rev. Stephen R. Fogarty, the class elected Bill Sherry, president; Richard Simons, vice-president; Richard Carthaus, secretary-treasurer, and George Curtin, Sergeant-at-arms. On the athletic side of the Junior class we have seen Ted Bashaw, John Collins, John Gilbert, Seth Herndon, Larry Martin, Richard Simons and Jack Wynn on the football team, with Crane Day as the senior manager for the second time in two years. Jack Wynn, Angus Smith and Irwin Allen represented the class in basketball. Brian Moran took over the Junior cheerleader spot this year. John Gilbert, Seth Herndon, Brian Moran, Wiley Rice, Tommy Thompson, Richard Simons and Tom Mason were the class bowlers.

The Juniors also presented a one-act Christmas play for the students of Cascia and Monte Cassino. A performance was also given for the P.T.A.

The social events included dances given by two of the older established members of our illustrious class. The year was rounded out by the annual picnic in which the Juniors played host to the Seniors.

SOPHOMORE CLASS "A"

Sophomore A started out with twenty-five boys this year. Along with the last year's group, we had two new members. They are Barney Barnard and Sergio Gonzales.

At the beginning of the year we had class elections. We chose Paul Loop as president, Ned Patterson as vice-president, Tom Vickers as secretary, and John Benson was the treasurer.

At the school dances the Sophomore A class was well represented. Many members of the class had dances, too.

Those who made the Honor Roll were R. Allred, B. Barnard, D. Johnson, P. Gould, P. Mahoney, P. Manhart, J. Swartz, J. Wood, and R. Wright.

The boys who took part in school publications were: P. Manhart and B. Barnard on the Cascian; J. Wood and P. Manhart were on the Towers staff. At the end of the year, our moderator, Father Glynn, took us to Mohawk park for the annual school picnic. All of us had lots of fun.

Everyone in our class had a very successful year, and we are all looking forward to our next year at Cascia Hall.

Left to right, first row: R. Gonzales, G. Moulder, L. Chapman, G. Moulder, R. Williams, R. Ericksten, D. Romero, R. Ensconatus, J. O'Donnell, D. Stevenson. Second row: O. Lorehn, J. Romero, T. O'Reilly, H. Armer, M. Beck, P. McCaffrey, J. Lindstrom, B. Collins, R. Perlitz, R. Harris, J. Kelly, P. McGinley, J. Young.

SOPHOMORE CLASS "B"

Father O'Neill

Another scholastic year at Cascia has gone by, and the Sophomore B class has surprisingly survived. We welcomed many new members to our class this year, and we have not regretted it. They are as follows: M. Beck, B. Collins, R. Ensconatus, J. Kelly, J. Romero, J. O'Donnell, D. Stevenson, and J. Young.

Father O'Neill was chosen to be our class moderator and the class officers were: P. McCaffrey, president; J. Lindstrom, vice-president; P. McGinley, secretary; J. Kelly, treasurer; and M. Beck, sergeant-at-arms.

The members of the class were always seen at the weekly Kommando Klub dances as well as any other social event at school. Many of us were at the Christmas and Spring formals. We united with the A class in having many dances, one of which was held at T. O'Reilly's home, followed by a hayride. Others contributing their homes for some gay parties were M. Beck and J. Lindstrom.

The class was well represented in athletics this year. In football we had: H. Armer, M. Beck, B. Collins, R. Harris, J. Kelly, P. McGinley, and J. Young. In basketball there were: J. Lindstrom, P. McCaffrey, B. Perlitz, and J. O'Donnell. Perlitz went all out this year and played tennis, too.

Our Sophomore year at Cascia has been a most successful one. We thank the faculty for their help. We will be looking forward to Cascia life next year as Juniors.

FRESHMAN CLASS "A"

The Freshman class of 1953-54 had an enrollment of forty students. New members were: J. Charrin, C. Danchersten, J. Dowling, J. Henderson, J. McConnell, J. Nooney, L. Oswald, W. Petri, C. Pierce, J. Richards, J. Schwemin, T. Underwood, and S. Wakeford.

With Father Durant acting as moderator we elected to office S. Leroux, president; T. Kelly, vice-president; J. Stephens, secretary; A. Coryell, treasurer; and E. Stone, sergeant-at-arms.

Our school activities this year included the Christmas and Spring formal dances. Under the capable direction of Father LaFluer, the Friday night student "Mixers" were attended well by the Freshmen students.

Our class was well represented in sports. S. Leroux and T. McNamar, participated in football. Basketball players were S. Leroux, T. McNamar, D. Howlett, A. Coryell, M. Curtin, and E. Stone.

The members of our class seemed to pull through both the mid-year and end-of-term exams with flying colors. Many boys acquired very high marks in both exams. The year ended with our annual class picnic, which was held quite successfully and was enjoyed by all who came.

Our first year in high school was thoroughly enjoyed and we are looking forward to the remaining three years. This year will long be remembered. We would like to express our thanks to the priests and teachers for their help during the year.

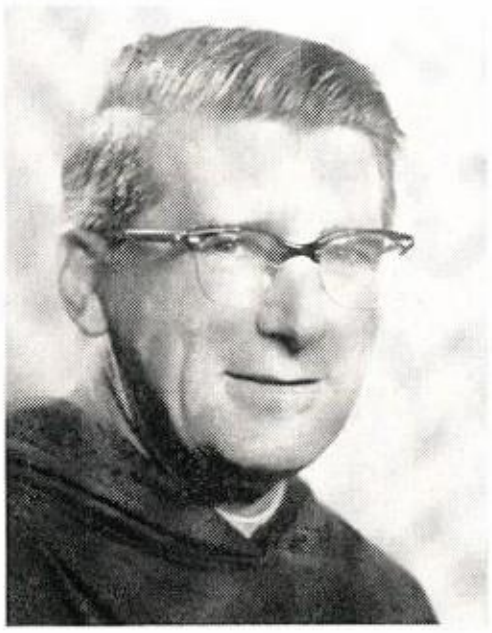
Left to right, first row: C. Danchersten, J. Simpson, S. Wakeford, J. Richards, J. Charrin, H. Hood, T. Kight, T. Underwood, R. Morrison. Second row: P. Gilbert, W. Petri, J. Dowling, J. Schwemin, P. Spurgin, C. Pierce, L. Oswald, J. McConnell.

FRESHMAN CLASS "B"



Father Spielmann

School started this year on September 10 and our class settled down for another nine months of hard work.

We welcomed the following new students in our class this year: Joe Richards, Tulsa; Jack Charrin, Houston, Texas; James Dowling, St. Louis, Mo.; Pat Gilbert, Houston, Texas; Jerome Henderson, Tulsa; James McConnel, Tulsa; Louis Oswald, San Antonio, Texas; Bill Petri, Tulsa; John Simpson, Tulsa; Tim Underwood, Houston, Texas; Stevenson Wakeford, Tulsa.

The old students of last year are Tom Kight, Howard Hood, Paul Spurgin and Richard Morrison.

This year's officers of the class were as follows: Jack Charrin, president; Joe Richards, vice-president; Howard Hood, secretary; Tom Kight, treasurer, and Jim Underwood, sergeant-at-arms.

We are happy to precent the honor students of our class: Mike Phillips, John Stephens, John Mulford, Avery Corvell, Tim McNamar, Steve Leroux, Frank Wolfe, Pat McCarroll and Tom Kelly.

The outstanding athletes of our class were David Howlett, who won a trophy for basketball, and Steve Leroux, Joe Richards, Bill Petri, Tim McNamar and Jack Charrin.

Our Freshman class is largely made up of new members. We are looking forward to the years ahead in the hope that our class will be a credit to Cascia.

EIGHTH GRADE "A"

During the preceding year our class was fortunate to have only a small group of twenty-one students, which proved to be a tremendous asset to both faculty and students. Oddly enough our class had only one boarding student, Dale McNulty of Florida.

The class was composed of boys who attended Cascia the previous year. We feel we are now welded together as a unit, exemplifying our class spirit.

Soon after school started, our class, under the direction of Mr. Margola, elected officers for the year. Those honored with the responsibility were P. Benien, president; F. Lauinger, vice-president; E. Linehan, secretary; and J. Carthaus, treasurer.

Under the supervision of our coaches, Mr. Mahoney and Mr. Prassa, we had very suitable activities, which included intramural baseball, football, and basketball games. Under such able coaches the seventh and eighth grade football, baseball, and basketball teams were led to very successful seasons. At the close of each season, those who had played well during this period were rewarded with a monogram "C."

Highlighting our school year was our annual class picnic, which was a complete success.

Although the Eighth grade will always bring back wonderful memories, we all look forward to next year when we enter high school and to the day we earn for ourselves the diploma of a "Cascia Man."

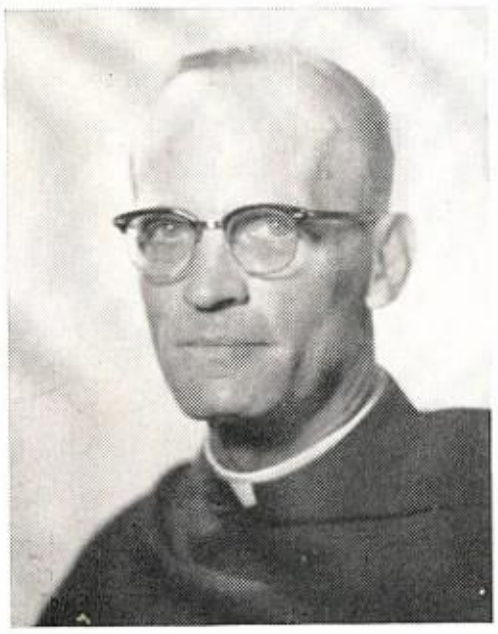
Third row: R. Hood, T. Simons, R. Atcheson, J. Harl, M. Shikaney, J. Tatum, J; Schermerhorn, M. Curran, J. McMillian.

EIGHTH GRADE "B"



Father DeMarco

Twenty-four hale and hardy, fun-loving lads make up the 8B class of Cascia Hall. Most of the boys are new to Cascia, but a few luckier ones attended Cascia in the Seventh Grade. Only seven boys, including the two Romero boys, are boarders. The boarders hail from as far as Casper, Wyoming, and Venezuela, South America. The class officers were elected at the first of the year under the supervision of Mr. Joseph Margola. The supreme member of the class or president was Gary Wheatley; George Smith was chosen vice-president; Bob Atcheson, secretary; and Maurice Ingram, sergeant-at-arms.

After the start of the year we welcomed John Coast, Dixon Foss, Richard Freeman and Carl Wheeler into our midst. Two Spanish speaking boys have added interest to our class. It was with awe that we observed how quickly they became adjusted to our customs and speech.

We have been told that the great Albert Einstein found school work a task and made poor grades. If this is true of the genius-in-the-making, our future should be assured. Be prepared, World, to hail twenty-four master minds from Cascia's 1954 8-B class.

SEVENTH GRADE

This year our class entered the hallowed walls of Cascia Hall with smiling faces and great expectations toward the future. Under the splendid direction of our class moderator, Father Chojecki, we elected as officers of our class: M. Green, president; J. Hitt, vice-president; J. Schempf, secretary; S. Olsen, treasurer, and R. Kubista, sergeant-at-arms.

With the help of Mr. Mahoney, Coach Prassa, and Bill Perez the Seventh Grade got together and organized a very good football squad. We also had a very fine basketball team. In both football and basketball we took the City Catholic championship.

Our class picnic was our biggest day of the year. On the picnic we went out to Mohawk Park where we played games or ate or stuffed ourselves with good hotdogs, and played more games. And this with all of the class parties and dances will be long remembered. Some day we will look back into the past and remember our first and second years at Cascia Hall.

We all have enjoyed sincerely our first year at Cascia, and we are looking to the next two years when we can enter the high school. We shall always look back on these early days we spent here at Cascia Hall.

THE TOWERS

It was with a deep sense of accomplishment that Danny Keleher and James Hull, co-editors of the Towers, saw this issue go to press. During those last hectic months of compiling pictures and data concerning the different students, they realized that it would all have been impossible without the patient and inspiring counseling of Rev. Martin J. O'Neill, who has acted as moderator for the Towers these many years. Without his gentle prodding and untiring efforts, coupled with the cooperation of the other members of the staff, particularly our advertising managers, Jerry Wood and Peter Manhart, as well as the help of a great number of the student body, who spent many weary hours collecting pictures and interesting information for this year book, the deadline would never have been reached and this work of art could not have been presented to you the reader.

The Towers this year has endeavored to depict the various student activities during the past two semesters at Cascia. These activities include our many athletic events, which were, on the whole, quite successful, as well as the social highlights, which were more brilliant and even surpassed those of previous years. Individual student pictures along with the pictures of the different classes are also incorporated in this issue.

The editors and staff of the Towers submit this chronicle with a great deal of pride, in the hope that our combined efforts may help the student body retain the memories of a full and happy year at Cascia.

To our many patrons go our heartfelt thanks and appreciation for their support in making this publication possible.

THE CASCIAN

The Cascian, which is our official periodical, experienced an unusually fine year during the past semesters of 1953 and 1954. It reached once more its annual goal of six issues during this last season, and it presented many improvements and additions to please its large circle of regular readers.

Under the excellent moderation of Reverend John J. Glynn, the size of the staff was greatly increased, and it is believed that the newspaper profited to a large extent by this. Brian J. Moran consented to be this year's editor and has performed an outstanding work. Credit, however, must also be given to everybody concerned, as the efforts of all combined have made the Cascian a success these semesters.

One of the largest improvements was the substitution of three columns to each page, rather than only two. This change was made because of the unanimous decision, not only by the members of the staff, but also by many students who were interviewed. There have been several valuable additions to our journal, an example being a special column by Rich Simons devoted solely to events about Cascia as recorded in a humorous vein.

The highlight of the year was the presentation of the centennial edition of the Cascian, which was the first issue of the second semester. This was the one-hundredth printing of the periodical since it was begun a few years after Cascia Hall was founded. In this presentation were numerous articles, such as the newspaper's history.

Yes, it may be recorded that the Cascians produced fine evidence of our labors, and we hope to have an equally successful year in 1954-55. May we again thank Father Glynn for his necessary assistance in making a publication of which Cascia may well be proud.

HALL GUARDS

To minimize traffic in the corridors and all the unnecessary noise, to maintain order between class bells—these are the functions of the Hall Guards. We at Cascia try to keep every situation well in hand. Congregating in corridors, lockerrooms, and lavatories, is forbidden. The Hall Guards see to an orderly line-up for the Cafeteria. Much confusion is avoided by this system. The students' respect for these guards is commendable. Father Fogarty, who is the disciplinarian, feels that the assistance of the Hall Guards did much for the betterment of school spirit.

SANCTUARY SOCIETY

In each class a group of students are selected to assist as altar boys. They serve at daily Mass. Also they assist at such student services as Benediction and Stations of the Cross. The Sanctuary Society is a very large group. Father Porreca, the Chaplain, is in charge of the instructions in preparing boys to serve at Holy Mass. The ideal would be that every boy knows how to serve Mass. From week to week there is a rotation of servers, so that as many as possible may take advantage of the opportunity.

RETREAT

The annual retreat at Cascia Hall for the Catholic students was held this year, beginning on the morning of April twelfth and continuing through school hours till Wednesday noon. The non-Catholics were permitted an extended vacation for the regular Easter holidays, which is customary.

The Reverend Frederick Beckerle, pastor of the new St. Mary's parish in Tulsa, kindly consented to be our retreat master for this year. He directed an excellent retreat and we are truly indebted to Father Beckerle. Our thanks to the faculty who disposed us towards making a successful retreat.

The main theme of the conference which was presented portrayed the basic truths of Holy Mother Church. We were reminded in many ways of the distinct obligations which we owe to our faith and we were made to realize that our spiritual life is paramount over all other aspects of living, never to be taken in a light vein.

Special addresses were given to the high school dealing with the crises which we may encounter in the future. We were told of the special problems that may challenge our precious faith as we mature and are more exposed to the temptations of this world. Advice was offered to us concerning these possible dangers and we readily accepted it, as it came from an older man, far more experienced than we.

We attended daily Mass, our greatest prayer. In addition we had Benediction, Stations of the Cross and other religious exercises in which we prayed for guidance to our Blessed Mother and the Saints. It was timely, that our comparatively brief period of recollection and thought was experienced just prior to Easter, as this great feast is the center of the entire liturgical year and is the Day of the Resurrection.

It may well be said, then, that we students greatly profited from this most valuable occasion of the school year. Because of this priceless meditation, we hope that we have gained in abundance the virtues necessary to lead us to our eternal salvation, and ultimately, to the greater glory of God.

Receiving Holy Eucharist.

KOMMANDO KLUB

As everyone knows, the Kommando Klub was organized several years ago as a combination social and pep club for the Cascia and Monte Cassino students. Between the two schools it numbers one hundred and fifty members. Through the years, at games and everywhere else on the campus, the Kommando Klub has become an integral part of the school. The officers this year are as follows: president, David Loop; vice-president, Ann Wheeler; secretary, Charlene Beal; and treasurer, Dan Simpson. Under their capable leadership, plus the guidance of Rev. A. J. LaFleur, the Kommando Klub reached its peak during the past year. Among the many activities this year were mixers, victory dances, and pep rallies, not to mention the annual Coronation Dance. The latter is held every year to crown the football queen and name the most valuable player on the team. Ever since its beginning, the symbol "K. K." has been synonymous with the Cascia spirit. With the cooperation of the students, it will continue to be popular in the future.

YOUNG CHRISTIAN STUDENTS

The Y. C. S. group of Cascia Hall enjoyed a fine year of progress during the semester of 1953 and 1954. Beginning in the fall, continuing through the winter, and finally ending in the spring, this organization produced a record of which it could be very proud. Behind it were many admirable projects which it had accomplished.

In the month of October, two representatives of Cascia, Danny Keleher and Tom Mason, attended the state-wide Y. C. S. Workshop, held in Oklahoma City. It affords them an excellent opportunity to observe proceedings in such groups at other schools, and to be able to pass along to the rest any worthwhile and constructive information. Monte Cassino, Cascia's counterpart in regard to many activities, was also well represented.

It was during the Christmas season that Cascia Hall was joined by Monte Cassino in the annual tagging of the Christmas trees, which task has been brought to the attention of people everywhere. The idea involved is that the purchasers of these symbols of that great event should be informed in detail as to why Christmas is celebrated.

The meetings of this outstanding group were held weekly under the auspices of Father Fogarty, who acted as chaplain. Different students conducted the meetings with the idea that such experiences develop leadership in their character. There was quite a large percentage of the school at these gatherings and the total far exceeded any previous year's count. Perhaps the reason for that was that a special effort was made to make all of the student body feel that they were more than welcome to take part in this wonderful movement.

The central themes of the meetings of the Young Christian Students at Cascia were simple but direct. One of the many purposes in mind was to introduce once more to the students the value of their religion and what it offered them as individuals and as a whole. There has been a noticable increase in the daily attendance at Mass and in private devotions during the day, which inspirations should be, at least partially attributed to the earnest efforts of this worthy organization.

BOWLING LEAGUE

Started in 1949 by Father DeMarco, the bowling league has grown tremendously. This sport has become the most popular intramural activity in the school. The league serves as a side interest in school life for those not participating in varsity sports. At the end of the season trophies are presented to the bowlers who have placed themselves in the top rank of their class division. These awards are prized by those whose efforts deserve recognition. The student body wishes to thank Father DeMarco for the time that he has spent making the bowling league one of the most successful activities in the school.

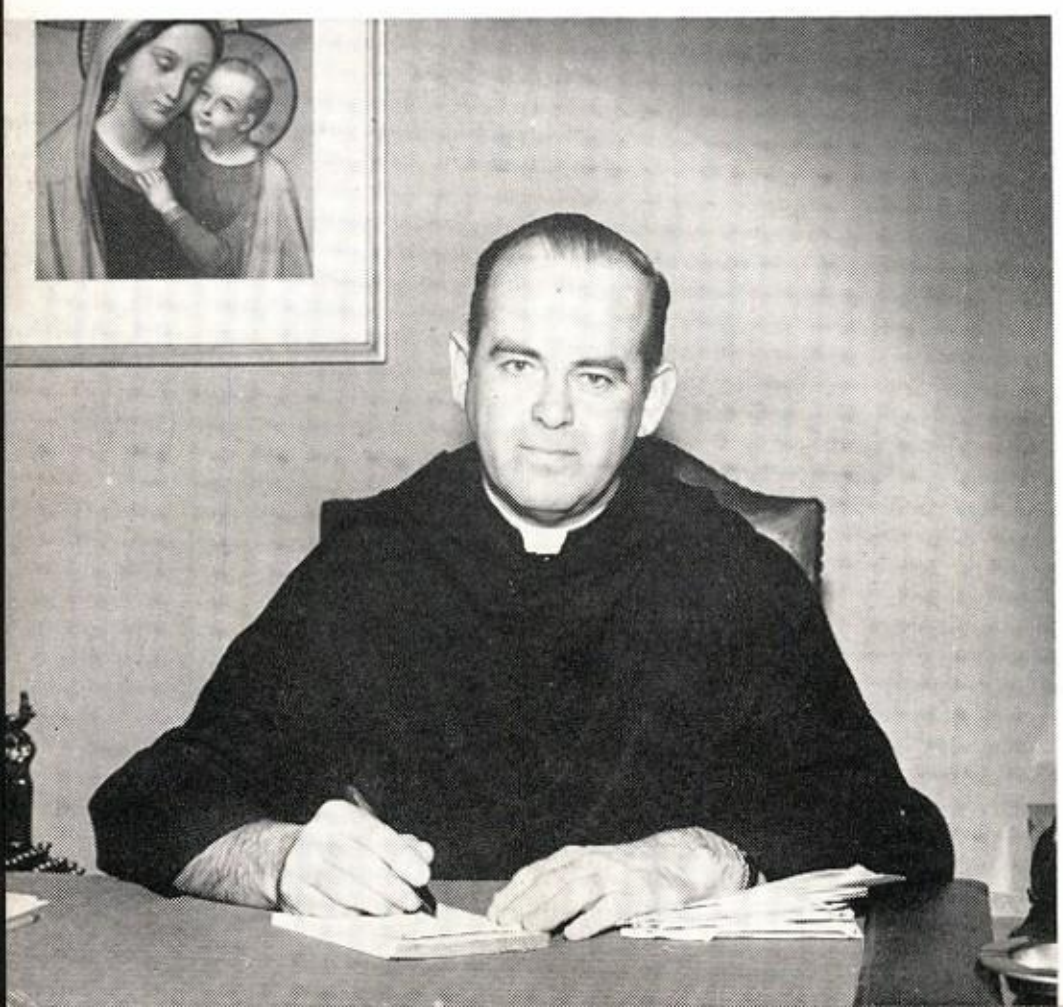
P.T.A. FORUM

One of the most-needed organizations in the function of any school is the Parent-Teacher Association. This Forum is without a doubt most interested in the welfare of the school.

At Cascia we are very fortunate to have such an active organization. Our parents above all are most interested in us and all our programs.

Very Rev. James J. Sinnott, O.S.A.



During the past years much has been done to enhance the physical beauty of the campus. The perfect cooperation maintained between the parents and the faculty has made many advantages possible for us.

The Parent-Teacher Association meets twice in the first semester and twice in the second semester. At these meetings besides the discussion on school projects there is also the opportunity of each teacher meeting the parents of students. Personalized attention is given to any problem in studies. Also, information is passed to the parents regarding I.Q. tests, aptitude and achievement tests. These tests are given twice in the course of four years of high school. Records are kept for future reference.

All in all, much is accomplished through the Forum. Cascia Hall stands highly accredited by the North Central Association. In its annual report to the Forum, Father Sinnott, through his very capable faculty, has assured both parent and student that Cascia offers a competent graduate for any college in the country.

We would like to express our deepest appreciation to the P. T. A. for the success of their Benefit Dance. The proceeds realized thereto will afford us many opportunities for our comfort and pleasure. Thank You, Parents of Cascia Hall!

DRAMATIC CLUB

Cascia Thespians have made quite a name for themselves during the past year. Under the able direction of Father A. J. LaFleur, Cascia has given many performances that have aroused the public to the fact that Cascia Hall not only exceeds as a school of learning in Tulsa, but it is also very talented in the arts.

Every year Cascia is joined by the students of Monte Cassino in the presentation of the school plays. It has been a busy year indeed for those two schools because of the many performances tendered this year. Before Christmas two plays were given for the students and their parents: one a dramatic play, the other a Christmas play. The latter was also given over the KOTV television station.

Cascia is most reputable for the wonderful theater-in-the-round productions. After only three years of these productions they have netted state-wide acclaim. This year a comedy was presented entitled "Jenny Kissed Me." It offered delightful entertainment. People from all over the state came to see it. This production enjoyed a prosperous and well-received three-night run during Holy Week in the Chestnut Gymnasium. Cascia alternates with its productions as far as drama and comedy are concerned. It might be inserted here that without the expert direction of Father LaFleur, Cascia would not enjoy the name that the success of these plays has brought to Cascia Hall.

Cascia has always enjoyed the privilege of going to the Southwest Conference for the theater-in-the-round productions. Their production this year was acclaimed by all present as one of the outstanding high school theatrical groups in the Southwest.

The activities of the Cascia Dramatic Club were not all confined to our own productions. Cascia students took part in plays at Monte Cassino and those who were fortunate enough to have singing voices and talent took lead roles in the Holland Hall operetta, Princess Ida.

The Dramatic Club and its moderator, Father La Fleur, are deeply grateful to the girls who helped in making these plays possible.

COMMANDOS BELT SAINTS, 46-40, FOR CATHOLIC CROWN

Cascia Hall won the State Class A Catholic championship Saturday night at Will Rogers gym with a stirring 46-40 victory over St. Monica's in the title finals before an overflow crowd of more than 1,500 fans.

Sacred Heart of Vinita latched onto the Class B crown with a 36-29 triumph over St. Anthony's of Okmulgee in the Catholic tourney finals in that division which preceded the Class A tilt.

Although in the final analysis, Cascia won the title at the free throw line by converting 18 out of 30 attempts while St. Monica's was hitting but 12 out of 31, both teams tying with 14 field goals, the Commandos played a much steadier game all the way firing but 47 floor shots as against 66 St. Monica shots, many of which were hurried by the harassing Commando defense.

Nip and Tuck

The first period was nip and tuck and ended that way, 7-7, with Bob Witucki leading the way for Cascia with six points. Witucki rang up four more points in the second canto, Dave Loop hit three and with Ned Patterson chipping in with a fielder and a trio of charity throws by Pete McCaffrey, Dan Simpson and Tom Vickers, Cascia forged a 19-12 halftime lead as St. Monica's tallied but one lone field goal and three gratis points.

The Commandos maintained their advantage through the third quarter to stay in the van, 31-24, with Witucki again showing the way with five tallies. In the final period, McCaffrey sparked the final Cascia rally with a 10-point output which pushed the Comando lead to 42-32 midway of the quarter to offset eight points by Ray Worley of St. Monica's.

Cascia stalled out the remaining time adding two free throws after Jere Lindstrom's bucket and James Dennis brought St. Monica's total up to 40 with five points in the dying moments.

Witucki paced the scorers with 17 points and was pushed for honors by McCaffrey's 13 counters. Worley was high for the losers with 11, followed by Dennis with 10.

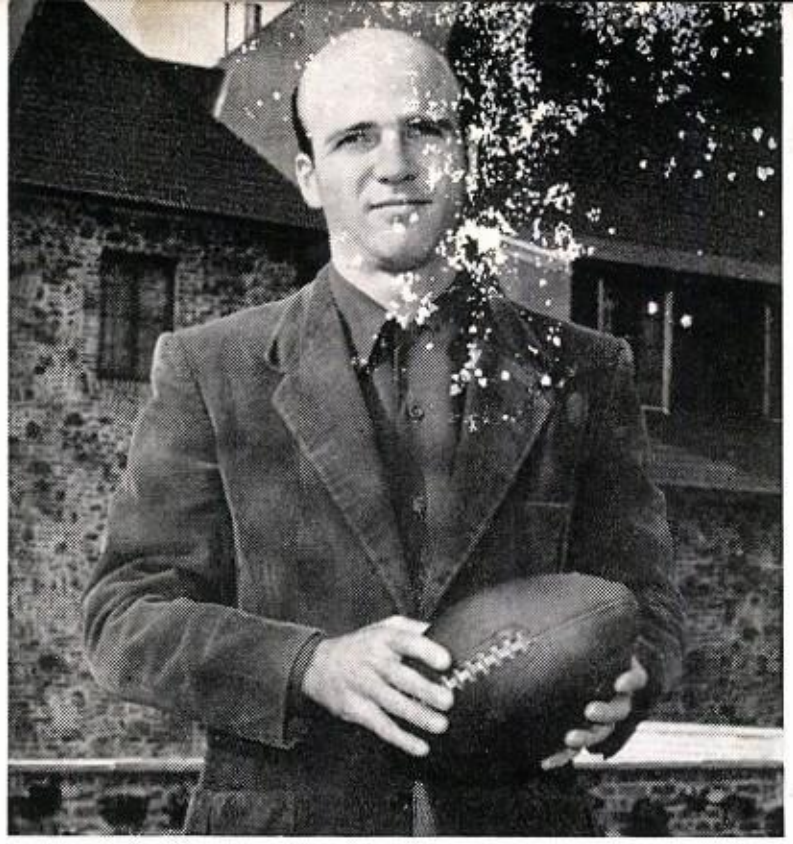
VARSITY SQUAD

SEMINOLE: The Commandos were soundly defeated in their season opener at Seminole, September 18.

Sparked by Bob Witucki's running, including his thirty-yard return of an intercepted pass for a touchdown, the overmatched Commandos managed to keep the game close until the third period. Then the Chieftains, led by their ace fullback, Charles Joseph, began to pull away to make the final score 33-12.

This was a non-conference game, but nevertheless ended a three-game winning streak carried over by the Commandos from 1952.



Head Coach Leo Mahoney

MARQUETTE: A blocked extra-point attempt in the final seconds of the game cost the Commandos their second straight loss, and their only defeat in conference play of the season, as they lost to the Marquette Meteors, 7-6, at Webster Stadium, September 24.

The Meteors took the lead early in the game, driving fifty-eight yards to a touchdown the first time they got the ball. The extra point gave them a 7-0 advantage which they held until the dying moments of the game. From the first quarter on the Commandos held the upper hand on both offense and defense but could not score until late in the fourth quarter. The running of Bob Witucki and passes by him and Joe Kopta led a sixty-seven yard drive to a touchdown. Witucki attempted the extra point but the center of the Marquette line broke through to block it and gave the Meteors their first victory over Cascia in four years.

SPERRY: Cascia traveled to Sperry, October 9, to score the first victory of the season, a convincing 28-6 triumph over the Sperry Pirates.

The game was all Cascia's from start to finish, and the Commandos looked very good in crushing the fifth-ranked Class B team in the state.

FIRST TEAM

HOLDENVILLE: The Commandos suffered their third and last defeat of the season on October 16, at the hands of the Holdenville Wolverines.

The Wolverines started fast, scoring the first time they got the ball following a forty-five yard drive. But from then on, the Commando defense was superb and Holdenville never again moved the ball into Cascia territory.

But the Commando attack could not match their defense, and despite moving the ball inside the Holdenville twenty-five yard stripe six times during the game they could not score, and so lost 6-0.

STIGLER: The Commandos crushed an outclassed Stigler team, 46-6, for their second victory, at Stigler, October 23.

With Bob Witucki scoring three touchdowns himself, passing to Dave Loop and Seth Herndon for two more, and Dan Simpson and George Park each adding a six-pointer, the Commandos ran away with the game. Some eighty members of the Kommando Klub traveled to Stigler to cheer the team to victory.

ST. GREGORY: The Commandos strengthened their position in the Catholic Conference and recorded their third victory of the season by defeating the St. Gregory Knights, 33-19, at Cascia Field on November 1.

Completely outplaying the Knights, the Commandos built up a 20-6 half time advantage on scores by Bob Witucki, George Miller, and Ted Bashaw.

The Knights played the Commandos on even terms throughout the second half, but passes from Witucki to Dave Loop gave Cascia two more touchdowns and their 14-point margin of victory.

HOLY FAMILY: The Commandos clinched second place in the Catholic Conference in the season finale, defeating the Holy Family Crusaders, 47-12, on November 8, at Cascia Field.

Touchdowns by George Park, Seth Herndon, George Miller, and Ted Bashaw gave Cascia a 27-0 advantage at half time. Led by fullback Tom Patrick, the Crusaders rallied for two second half touchdowns, but scores by Dan Simpson, Seth Herndon, and Bob Witucki made it a rout and brought to an end another successful season for Cascia.

SOCIAL EVENTS

The "Cascia Man" is an ideal—an ideal which becomes reality when the qualities of "gentleman, scholar, athlete" are incorporated into the character of him destined to be called a Cascia alumnus. Of these qualities, that of paramount importance is the ability to conduct oneself with dignity and honour before God and man. One channel through which this quality is expressed in the life of the Cascia Man is social functions. In fact, social life is an integral part in the attainment of the ideal. Cascia Hall lends itself to the traditions which it has produced, and the traditions, in turn, have been fostered by the atmosphere of the school. And Cascia traditionally sponsors activities of high character. Whereas the quantity of such activities is at times questioned by some, the quality is reproached by none.

Yes, the quality of our formals, our proms, was truly irreproachable. Soft lights—sweet music—frothy formals swirling under a canopy of blue and white—the redolence of flowers—whispered words—sparkling laughter—such was the majestic setting of our Christmas Formal. An authentic wisp of "le beau monde" blended with the familiar campus atmosphere of Chestnut Gym. It was Chestnut Gym in all its festive elegance; it was undeniably Chestnut Gym with its best foot forward. Sponsored by the Senior Class, this dance was the apex of the holiday social season on the campus. Debonair Cascians looked their handsomest; the elite of Tulsa's mademoiselles their loviliest and most alluring. And the music? Well, it was rather spirited—however, enjoyed immensely by everyone. All in all, it was a most genteel affair.

The Kommando Klub was inaugurated amid the familiar towers of Cascia three years ago. Gaining impetus each successive year, the activities of the group culminate annually in the Kommando Klub Ball, usually an event of late autumn. This year's Ball surpassed, by common consent, all its predecessors. The coronation of the Kommando Klub queen followed by the presentation of award to the football player adjudged most valuable during the immediately concluded season served to add colour and a certain distinguishing quality to the festive occasion. And many a reminiscence of the merry time had by all lingered through the Thanksgiving vacation and afterward.

And finally and inevitably came the swan song for us, the Seniors of '54—our last dance at Cascia as Cascians. Amid the fragrance of late spring, as May was fading into June and the Class of '54 was slowly, but as surely, fading into history, the Spring Formal was held. A valedictory theme hovered over this soiree of soirees. An unmistaken sadness blended with the gaiety. For the Seniors the gaiety was not quite so frivolous. Nor was the sadness remorseful—just a bit sentimental. The gym was resplendent in all its customary glory; the music, beautiful and rather melancholy; the decorations, impeccable; the adieux, numerous; the memories, endless.

6 or 1001 HEATS?

ONLY GAS GIVES YOU JUST THE HEAT YOU NEED

ONLY with a modern GAS range do you get just the precise heat you need. In fact, your top burners give you 1001 heats from simmer to full . . . Instantly.

Besides this flexibility, ONLY GAS gives you fastest cooking, smokeless broiling and lowest cost. So, when you modernize your kitchen, remember there is no more modern cooking appliance than the beautiful new automatic GAS range.

Dear George,

In all my months, years I hope, I have never meet a better friend or buddy.

George, you stand for something, Companionship, friendship, trustworthy rust and the like.

Never, I have I met such a person like you. You are like me, full of fun, fancy and plenty of brains (I hope you don't think I am trying to suck you).

George, I hope you would be coming back but you like "Gerry" better;

Best of luck to a guy who is "Tops" in my book.
